Accepting the secretary position at prestigious Mallory and Dixon had been step one in Mindy Richards's makeover. After all, she was newly single in the city...with twin babies-on-the-way to support. But her new life took a turn down memory lane when she discovered that high school crush Jason Mallory was her firm's powerful namesake...and her new boss!

At first, Jason seemed uncomfortable with their working relationship. Until Mindy realized that this business titan was unsettled by her, and always had been. Suddenly, despite a painful divorce, despite her pregnancy, she felt desirable again. But dare she believe that jaded-by-love Jason could want the fairy tale—babies and all...?

Cute and Sweet tale

By M. E. Newell

"And Babies Make Four" by Marie Ferrarella is the first in the "Manhattan Multiples" series. The basic plot of the book is a young newly single woman, expecting twins, who goes to work for a company run by the former classmate, who at the time was a loner that was in love with the new mom-to-be. You know by the end that they will be together and he will love her children. Its a little to sweet for me, but if you need to kill sometime then this book might just do it.

Very sweet.

By R. Plaza-Gotay

Mindy and Jason used to be in High School together. He was the handsome loner, she was the Head Cheerleader.

He crushed on her. She crushed on him. He didn't made a move. Neither did she.

11 years later Jason is the headshot of a company he and his best friend founded. Mindi is divorced and expecting twins.

She decides to take her life under control and goes back to NY and finds a job as an administrative assistant...to Jason.

Sparks fly the very minute they see each other and they must learn to control their attraction in the office. But soon they can not ignore their feelings any longer and decide to take matters in their own hands.

The story is real sweet and I finish it in a few hours.

If you like romances about thought unrequited love and family, you'll love this one!

Could not decide, do I want relationship or not.

By Amazon Customer

This story has a wrong title, I purchased this story cause it would be about the interaction between a mom and a potential boyfriend dealing with twins, babies never showed until the end, the story is about a silly pregnant women crushing on her high school crush. It's a good story it's just that the title and story, well, I would not have purchased this if I had know babies where not covered period,go figure.
