I hate to admit it

By Adam S. Wolpe

I am an incredibly stubborn person.... so needless to say buying this book was a huge step for me in regards to pushing my pride aside and realizing my social skills towards women needed a tune up. If you are like me you might feel some resistance towards admitting your game could use some work. A friend of mine actually had gone out with Adam on a few sessions personally and highly recommended him. If this friend wasn't my best, or someone I had trusted for years, I would have never considered a self help book like this. After reading this book I have noticed an immense change in my attitude which has not only transferred over to my work but just the enjoyment of life in general. I have been able to accomplish things in regards to meeting women that I never thought possible. After watching a few of Adams videos online I am in awe of what he has accomplished in regards to spreading his confidence to others. I HIGHLY RECOMMEND THIS BOOK.
