From the Publisher

Macon Fallon had never needed much more than a deck of cards, a fast horse, and a ready gun. And he was counting on those things now, as he led an unsuspecting group of settlers into an abandoned mining town. But while Fallon prepared to pass the ghost town off as a gold mine in the making, a funny thing happened: a real-life community started to take shape in the town he's christened Red Horse, and a lovely, strong-minded woman started to take notice of one Macon Fallon. So when a band of vicious outlaws and a kid who fancied himself a gunslinger threatened to rip Red Horse apart, Fallon found himself caught in the one predicament he's never gambled on -- picking up a gun and laying down his life for a place he just might call home ...

One of L'Amour's best

By Haden D. Smith

Fallon is the best Louis L'Amour book I have read. It contains several shootouts, brawls, and poker games in addition to other exciting plot elements. Fallon also introduces some of L'Amour's best characters and zings the reader with an unexpected twist in the climax. It is truly a must-read for anyone who enjoys westerns!

9 of 9 people found the following review helpful.

Fallon is a Remarkable Book!

By Thomas Leo Ogren

With Fallon Louis L'Amour comes up with a very different main character. Fallon isn't a gunfighter or cattleman; he's a gambler and a complicated individual. I've read a great many excellent books by Louis L'Amour, and have enjoyed all of them but to be honest, they are uneven. By this I mean that some of them are much better than others.

Fallon is one that I flat out loved; one that I remember well, and of all of L'Amour's always fun to read Westerns, I think Fallon is one of the best.

8 of 8 people found the following review helpful.

I can't believe this is the first western I have read - its great!

By A. Woodley

I can't believe this was the first western I ever read, I'll definitely search out more. This is good fun right from the first paragraphs "Macon Fallon was a stranger to Seven Pines, and fortunately he was a stranger with a fast horse" - from the opening lines I was carried along.

The story follows Macon Fallon, as you know from the above, a stranger to Seven Pines who manages to upset some gamblers and escapes from the lynching - but gets himself in a bad way travelling in the dry areas without water. Just in time he sees a small wagon train and hatches a plan. There is a deserted town up behind the trail, he realises if he can get the wagoners to set up the town again he can make a pile and start a new life out west. It is kind of a scam, but he feels some guilt, they are decent people and he doesn't swindle decent people.

The hero is good fun, at once self-deprecating good humour, and next strong and able hero to the wagoners and against the local unsavoury and highly violent gang. One of the Wagoners, Ginia, an attractive young woman, smart and brave.

the story bounded along, its a short and punchy novel, the only thing I found I disliked was the long discussion of poker hands. The hero and the writing reminded me strongly of Lee Child and I wondered if Child was a L'Amour fan - maybe I need to read more of this sort of stuff.

Loved it, will read more of Louis L'Amour's books.
