Great Book

By Ryan Dombroski

Needed this book for one of my classes - It was very helpful and helped me get through the class - It is a lot of reading though, so prepare yourself. However in int end you walk away with more knowledge than you did in the beginning so that is always good :)

Awesome!!!

By Jesus Martinez

The book is in great shape (even though it says it is in good condition). The order took about 3-4 days to get her and is almost new. All of the pages in the book are intact, only the cover had a small folding mark, but that is about it. The rest of the book is in an awesome condition. I definitely plan on buying more things from this people. I recommend this book to people who are interested in finding themselves as an individual and are interested in personal growth/development. Buying it here costs you a lot less, because normally this book would cost at around 100 to 120 dollars.

lame

By Evynne Blumer-Torres

Boring. Needs to be condensed and broken into smaller chunks of text with more visual aids & photos.
