We love the read-alongs.

By E. Ervin

This is a great book for children. Ours enjoyed it very much. It is also a super good way to help readers. I love to use these books especially with reluctant readers. The story was good and the sound effects were terrific. Most of my children wanted to read it repeatedly. That is always a nice thing. I like these read-along storybooks a lot.

Great book that follows the movie - CD really fun!

By Purse Lover

My 3.5 year olds LOVE this book. They really enjoy the movie, but they love putting the CD on and taking turns showing each other the pictures and following along in this book. They almost have it memorized by now, and we've only had it for two weeks.

Good book but definitely for 2nd grader and up only ...

By J Riley

Good book but definitely for 2nd grader and up only because the story was longer than I expected and some of the words were challenging for my 1st grader but he was able to read the whole thing.
