We all like Piano adventure more

By Cn

My son used Bastien piano basic in the beginning when he was 3. A few months later after he finished level 1B, he transferred to Piano adventure (Lesson, Theory, Performance, Technic & Sight-reading), because his piano teacher was using it. It's well organized. We all like Piano adventure more, and my son loves to do theory book the most. His teacher teaches him Suzuki level 2 at the same time. Now he is almost 4 and half, he finishes Level 2A , half of Level 2B and half of Suzuki 2. I am going to buy Piano adventure Level 3A.

Excellent quality and song choices

By JI

My 7 yr old daughter has been using this book for her piano lessons and so far she's really enjoying it. Some songs are familiar to her while others are new. Nevertheless it's appropriate for her level and the print quality is excellent. We have gotten other piano books where the images and notes were not clear, not the case with this one.
