*To kill a Mockingbird* has been one of my favorite books since childhood, so now that I'm a mother I wanted to pass it on to my daughter. Being my native language spanish, my husband and I agreed on making our children biligual, so we read to them in both languages...it was a very nice surprise to find this book translated to spanish and to find also that it hasn't lost as much as other translated books, the words and the sense of the phrases are translated as exact as possible to the original novel which makes the reading very

worthy. The size of the book makes it really convenient and the price of it too.
