Cleverly explained advanced screenwriting concepts

By nesco79

This book approaches screenwriting from another angle. If films like Memento, Groundhog Day, Pulp Fiction or The Truman Show are your kind of films, then do yourself a favor and have a read at it. It instructs stuff that I've, personally, didn't read in no other screenwriting book and I read quite a lot and found them all useful. Some stuff, I must admit, is quite hard to digest at a first read but it starts to fall into place from further re-reading.

I didn't buy my copy from Amazon though but from BFI Filmstore in London and I'm quite amazed frankly that there's no reviews on Amazon yet.
