We will ask first, have you a lot more times to go with going shopping the books and look for the referred publication Nathan Hale's Hazardous Tales: Alamo All-Stars By Nathan Hale in book establishment? Many people could not have enough time to find it.

From School Library Journal

Gr 3–7—Hale returns to history in sequential art format, this time tackling the Alamo. Vicente Guerrero, Davy Crockett, Jim Bowie, and Stephen F. Austin lead the titular "all-star" cast in this tale of how an untamed land became Texas. In the early 1800s, Native Americans, the Mexican government, and settlers from other areas of the United States were fighting over the territory that would become the Lone Star state. Hale's vivid illustrations—rendered in black, white, and shades of gray, with tinges of yellow—and witty text tell the story, from Texas's near wilderness beginnings to the Battle of the Alamo and Gen. Sam Houston's ultimate victory over Gen. Antonio López de Santa Anna at the Battle of San Jacinto. Complete with maps, this title is far more effective in telling the complete history than a straightforward state history book. VERDICT With its balance of gifted storytelling and hard facts, this work will appeal to reluctant readers and fans of history alike. A must-have that will add value to any children's graphic nonfiction collection—John Trischitti, Midland County Public Libraries, TX

About the Author

NATHAN HALE'S HAZARDOUS TALES: ALAMO ALL-STARS

BY NATHAN HALE PDF

From Nathan Hale, #1 New York Times bestselling author and Texas Bluebonnet Award Master List maker, comes the definitive graphic novel about the Alamo.

Hale relays the facts, politics, military actions, and prominent personalities that defined the Texas Revolution in factual yet humorous scenes that will capture the attention of reluctant readers and fans of history alike.

In the early 1800s, Texas was a wild and dangerous land fought over by the Mexican government, Native Americans, and settlers from the United States. Beginning with the expeditions of the so-called "Land Pirates," through the doomed stand at the Alamo, and ending with the victory over Santa Anna at the Battle of San Jacinto, the entire Texas saga is on display. Leading the charge to settle this new frontier is Stephen F. Austin, with a cast of dangerous and colorful characters, including Jim Bowie, William Travis, David Crockett, and others.

Through his vivid depiction and additional maps, and biographies located in the back of the book, Nathan Hale brings new insight for students, teachers, and historians into one of the most iconic structures in the United States.

History done right

By M. Heiss

This book is all you need.

I'm an adult. I have read a few Alamo books. This book is better than any of them. It is also a surpassingly good summary of the early history of the Texas project.

The graphic format is sensational -- very clear progression of the story across the pages. Amazing levels of detail and analysis. The running jokes are funny.

This is history done right. Well done, Nathan Hale. More books like this, please.

A fun, informative book!

By D. Hathaway

TL;dr: A great read for older elementary and up. Factual and fun. Read it.

Nathan Hale’s 6th book, and it doesn’t disappoint. Once again, he takes a familiar backdrop and fills it with little-known (to most) and interesting details which are equal parts entertainment and education.

The historical Nathan Hale is back with his executioner and British officer to tell another tale. This time, Vicente Guerrero (and his band of executioners) join to help tell the story which, after all, mostly takes place in Mexico. This is a great touch and really helps propel the story while providing even more entertainment.

This book includes a relatively thorough (but not tedious) history of Texas before its statehood in 1845. I enjoyed feeling the sense of chaos inflicted by the politics of time. The story follows the “Alamo All-Stars” to tell the story: William Travis, Jim Bowie, Davy Crockett, and (not familiar to me) Juan Seguin. Actually, a lot of time is spent on Bowie and his many exploits which led to him being in the thick of Texas’s violent birth.

My largest gripe is with Santa Anna, who left no defenders of the Alamo alive. Thus, no reliable accounts of the defenders immediately before or during the battle. However, Nathan Hale did his best with what he had.

Also, once again, the maps and diagrams included inside the front and back covers are helpful to place the wide range of featured locations.

Full disclosure: I’m a history teacher, and I am painfully aware of how little most Americans know about their neighbors. Hopefully, this book will help fill in the blanks many have about our southern neighbor.

A-1 Alamo Story!

By David

As a teacher, I am very happy to have these books in my classroom and school library. They are fun, informative and fascinating for young readers. Nathan Hale serves up history just the way kids like it, with humor, facts and interesting sidebars that all make the kids want to read more, more, more! Once they start reading a Hazardous Tales story, they always want to read the whole series.

I got my copy of the Alamo All*Stars from Amazon yesterday and brought it to school today. Three kids have read it by lunch and I have a waiting list of ten right now -- and that's just my 5th grade homeroom.

All that said, Alamo All*Stars is a great tale, especially for Texas students. The maps are very helpful, the drawings of the Alamo spot-on accurate, and the back story and end result of the Texas Revolution are all included, giving great context. Hale gets the tone just right, without vilifying one side or creating hagiographies of the other. You just can't ask for more.
