Both Interesting AND FUN!!!

By The Baker's Wife

Niki Lee does a great job of not only documenting her personal journey via music but also documents brilliantly how others have enjoyed music along their own journeys.

My husband likes Green Day, but really isn't what you could consider a "Huge Fan" - he hasn't been able to put the book down... Like he said, Niki's story is fascinating and it's great to read how AMAZING Green Day band members are to their fans.

I think anyone, not just Green Day fans, would enjoy this book that celebrates music and life!!

Thankyou Green Day & Niki Lee !!!

By Kimberly White

I became a Green Day fan in May of 2009 of course I knew about them even before I became a fan. Like many other Green Day fans, I can say without hesitation that Green Day has changed my life in the best way possible reminding me that it's ok to be different. *SEIZE THE GREEN DAY* is an amazing book written by fellow Green Day fan Niki Lee. Like it's been stated in this book we Green Day fans stick together like one big happy family.

I started reading the book this morning, and, other than a short coffee and breakfast break, read it cover to cover in one sitting! It's an amazing read. I learned about Niki, Green Day, and all the fans around the world who all come together for a common cause. It's riveting! Great job, Ms. Lee!!!
