## **BY ROSANNE BITTNER PDF**

This first book in Rosanne Bittner's popular Savage Destiny series tells the powerful love story of 15-year-old Abigail Trent, who is traveling west with her family; and a very rugged plainsman, Zeke Monroe, the half-Cheyenne guide who wins Abbie's heart as they journey through an untamed land beset with Indians, outlaws and nature's harsh challenges. Although Zeke and Abbie come from very different worlds, violence and personal loss bring them together in unexpected ways, including a very poignant situation that involves Abbie's little brother. By journey's end, Abbie has changed from an innocent young girl to a strong woman whose courage and determination to survive make her the perfect woman for the sometimes violent Zeke, whose past and upbringing make him a challenge only Abbie's love and personal faith can overcome. Sweet Prairie Passion is the beginning of many more stories about this unforgettable couple and their life together as they face the perils of settling America's Old West and learn that love can conquer anything.

This is an excellent series!!!

By Joy Durant

I read this book years ago and fell in love with it. Abby and Zeke are two characters I will never forget. Their trials and love are brought out in this book wonderfully. Abby goes through some very hard times and you can just feel Zeke being pulled towards her even though he doesn't want to. When I finished all seven I felt like I was losing a good friend so I just started over again!! :) You will laugh and then cry and then laugh again. The series has a special place on my bookshelf where it will always stay. Thanks Ms. Bittner for a very special series.

Mesmorizing and unforgettable!

By Leaha Lara

This book absolutely consumed me from front to back. Unfortunately, it being just the 1st in a series, I am going crazy waiting for the second one to arrive, and knowing I will have to read the whole series, I dread knowing there will be a last one. I can not stop thinking about Abbey and Zeke since I finished this book. I just don't want to believe they don't really exist. What a great book!!
