After getting this short description, ideally you can download and install one and also begin to read Tarsus By J. C. Owens This book is quite easy to review each time you have the spare time.

TARSUS BY J. C. OWENS PDF

The despised white centaur may be the key to Varan's heart...

Born into hatred, his odd white coat a source of disgust to his centaur tribe, Tarsus is well used to mockery and contempt. But when he's kidnapped from his high-blood family by a rival faction, he realizes his torment has only begun. Beaten and sentenced to death, he's brought before the princess Nalain, heir to the centauran throne. But rather than order his execution, Nalain gives him to her brother, the general Varan, as a servant, a plaything to amuse him before the hideous white centaur's eventual, inescapable death.

The huge centauran Varan is disgusted with his new servant, yet he soon begins to see the gentle soul that lies beneath the filthy, matted white hide. Even as a captive, the young centaur strives to be of service to all around him, even to those who show him nothing but contempt. Odd, given his bloodline—son to the feared and powerful Shar, whose evil has caused so much suffering for the centaurs of Varan's tribe. It's not long before Varan finds himself drawn to Tarsus in ways he never dreamed possible, and the passion that stirs between them becomes something that neither can live without. Until war comes to the centaurs, and with it rumors that Tarsus might not be the guileless servant he seems, and how everything Varan has ever known—his clan, his home, his love for Tarsus—is doomed...

Different Good

By JDove20

This is the first book I've read with two centaurs falling in love. There was an actual story line. I would recommend this to anyone who wants to read a little something different without the story going to far out there.

Thank you, JC, for another great read!

By kathyblue

I love J. C. Owens' books and always read the newest one immediately. He tells an engaging and romantic story. His stories are always intriguing due to the world and culture settings. I sometimes wish the books were longer, with a little more fleshing out on the characters. That said, you still never feel like you just read another "Wham, bam, thank you sir!" book. :-)

I will be reading this again

By sharonoxo

I really enjoyed this book. The story involved centaurs, which was different/new for me. The writing was great (none of that your/you're crap that takes me out of my zone). The story had such a good flow. You could really 'feel' this story. I recommend this ebook to everyone and I will definitely be reading this one again.
