TERROR'S SOURCE: THE IDEOLOGY OF WAHHABI-SALAFISM AND ITS CONSEQUENCES BY VINCENZO OLIVETI PDF

This groundbreaking book explains the divisions within modern Islam that have given rise to the terrorism of al-Qa'eda. With detailed examples, it shows the origin, funding and agenda of the Salafi sect, the most extreme of Islamic movements, to whose ranks Osama Bin Laden and his associates belong. The Salafi movement controls hundreds of religious schools, orphanages and other organisations around the world, in which young people are indoctrinated into this new and hate-filled view of the world. Warning of further terrorist attacks if the Muslim world does not act to prevent the spread of Salafism, the book concludes with an assessment of the current situation, and the strategies necessary to promote mainstream Islam as an alternative to Salafi extremism.

Best book on the subject matter.

By Amazon Customer

This is the only book that explains the differences between orthodox Sunni Islam, salafism, and extremist salafi's. It highlights the key differences in ideology and explains the complex theology of islam and the variations within it, the checks and balances. It does NOT pigeon hole terrorism as strictly political, nor does it say it's strictly ideological.

A good read.
