## About the Author

Elizabeth Lennox writes contemporary romance novels featuring sheiks, business tycoons, royalty, and other sexy rich men. Her male lead characters are smart, driven and determined, but can still be sensitive and vulnerable. Elizabeth's female lead characters come from a variety of backgrounds. They are strong, intelligent and independent, while still feminine and caring. Although she wanted to be a romance novelist since the eighth grade, that dream only became a (paid) reality for her in 2009 and a full time job in 2012. Along the way, she received a BS in History and held different jobs in the real estate, government consulting, and financial industries. All during that time, though, she was always writing, using her personal experiences, dreams, and travels throughout the United States, Europe and the Caribbean as backdrops for her stories. To date, she has written over seventy books and sold over one million copies. Her free novellas have been downloaded over 2.2 million times since 2013. Elizabeth lives in Virginia with her husband and two children. Their home is just outside of Washington, D.C., and many of her novels are set in this area.

I have several points I would like to make

By Polly

I have several points I would like to make.

Point 1: I love Ms. E's books for 3 reasons - humor (she really tickles my funny bone), story line (how many ways can you really write a romance? She comes up with some good ones), and the h's are virtuous (so sick and tired of the H/h being promiscuous). This book failed 2 out of those 3. It had no humor (didn't laugh once) and it promoted adultery. Which brings me to my next point.....

Point 2: There's dumb, there's ignorant, and then there is stupid. Sasha was S-T-U-P-I-D! 2 separate times she went to tell the H she wanted a divorce. She could've done two things. She could've easily sold some of her jewelry, flown to England, hired an attorney and divorced him without him knowing until he was served with divorce papers OR hired an attorney online, explained her circumstances of not being able to leave Greece and gone on from there. She had enough grounds (all of his mistresses, being abandoned and isolated in a foreign country) to do so. But no -- what did she do? She confronts him. She ought to have had a Plan A, a Plan B, and a Plan C. Did she? Of course not, which brings me to my next point.....

Point 3: She knew his personality and that the only reason he married her was to gain back HIS ancestral home. The H is very possessive, what belongs to him, remains with him and she ought to have KNOWN he would feel the same way about her. She belongs to HIM and only HIM. Doesn't matter that he didn't want her. Like I said, she's stupid. What does she do? Goes on with her life like he's just going to let her go off into the sunset. So...the next day she left him to go to the church for a town meeting, leaving him alone in HIS house. Again, she ought to have known he would wander around HIS home trying to piece things together. Of course, he found her computer, and of course, it wasn't password protected, so he went in and discovered her illegal employment. Of course, she didn't know what she was doing was illegal and, of course, she ought to have known he would use it against her, blackmailing her to stay with him. It would've been really nice if she called his bluff. Did she? Absolutely not. She's a stupid doormat after all. Oh, excuse me. She did attempt to leave him once. All she did was ask the postman to drive her to the next town over, but once she got there, she didn't know what to do. On to the next point.....

Point 4: Uncle Charles is in the hospital and all of them (Scarlett, Damon, Grayson, Harrison, Malik, and Stefan) are with him. He proceeds to have a mild come-to-Jesus talk. He starts with Damon and berates him for the way he has treated his wife (right on!) and then asked him how he would feel if Scarlett was married and her husband treated her like that. Damon didn't like that. Oh, boo, hoo, hoo. I liked this part, but wished he had really flayed him alive. \*\*\*INSERT\*\*\* He and/or Scarlett could have gotten to know Sasha, become friends with her, supported her, and helped her. But they didn't. By not doing so, indirectly they supported his treatment of her. Charles could've pointed out that in America abandoning and isolating one's wife like he did is a criminal offense and Sasha could easily have divorced him without his permission or knowledge because of being abandoned and due to all of his mistresses. IF he had gotten to know Sasha, he could've pointed out that (now this is assuming some things and I could be wrong) she has never had a date, never had a boyfriend, never been kissed, never been to college (I'm assuming she did online courses in order to get her degree), never been in a study group, never gone out with girlfriends for a ladies night out. She really missed doing a lot of things most 18- to 24-year-olds do. That Damon got to do. I think if Charles had said this last bit, it would've really, really driven home the point he was trying to make to Damon, because Damon doesn't think he has done anything wrong. He feels justified in doing what he did. But alas and alack, none of that happened. Just another disappointment with this book. Last point.....

Point 5: At the end during the making up scene, he tells her he was taking out his anger for her grandfather on her, that he was "content to just let things go and find my women outside of our marriage." He felt her cringe and THEN he finally states he's sorry. He ruins his apology by qualifying it when he states, "but you were too young anyway." What kind of apology is that? He never shows any remorse or empathy for her. She doesn't make him grovel or have any consequences for his deplorable actions. Nothing, nada, zip! She rates right up there with some of Ms.E's other spineless h's.

In typical Ms. E fashion, this book was an easy read, but shallow. At no time is it mentioned they discussed their upbringing, how she came to know her grandfather, that her mother died from cancer, or if she even attended her mother's funeral. It doesn't mention Damon telling her about his boarding school days, his best friends (at the end he briefly mentions them), or his home life. There are so many unattached "strings" in Ms.

E's books, that the reader is left dangling, wondering about this and that without ever getting some relief.

Only one error that I noticed. In the beginning of the book, Damon mentioned his assistant buys two of everything (jewelry, that is). One goes to his current mistress and the other goes to his wife. He gets mad when he discovers all of his gifts to his wife are all jumbled in a dresser drawer, many unopened. He is offended by this and points it out to her. She picks up an unopened box and tells him what's inside w/o having to open it. When he finds out how she can do this, he thinks to himself that he did not know his assistant gave his wife the same gift as his mistresses and that he is going to have to talk to her. Well, yes he did know this. Oops, minor error on Ms. E's part. Oh, that brings up another point - does he ever buy her a pearl necklace after ripping hers off of her neck, something that is more to her liking? Who knows. It's never mentioned.

Would I recommend this book? Yes, because you never know, you might be the only one who does like it. I sincerely hope the next 4 are a whole lot better than this flop!

disappointed....

By tia v

I was anxiously anticipating this book and I feel let down. He showed no respect or even love for the heroine. He was ready to settle down and he conveniently had a wife with which to settle down with. As always, he used sex to get what he wanted and the spineless heroine melted at his touch. I would have at least liked to have seen the hero brought down a notch or even beg a little for forgiveness but no he just did what he wanted. He showed more love and respect toward his "sister" than his wife! I hope the rest of the series is better because this book is not her best work.

Wanted to Love it

By G TK-Baker

I wanted to love this as I loved the introduction story and all it's characters.

Sadly, I could not forgive Damon his infidelity and at no point during the whole story did he ever show any remorse for his appalling behavior. I believe marriage is sacred therefore I really struggled with this story.

As for Sasha - she was just too much of a push over for my taste. I really was hoping she could humble Damon but instead she just lay back and took all his manipulations.

I own, love & have read many times all of Ms Lennox books and would still highly recommend this author.
